# WELCOME TO INTERCARE LIMITED

## Towards A Sustainable World

Established in **1969**, Intercare Limited was founded in the Levant with a vision to meet the evolving demands of the **Washroom Hygiene, Floorcare, and Powder Coating** sectors. Kicking off its journey in the early 1970s, the enterprise shaped its core businesses in line with the nation's rapid infrastructure development following the founding of the **UAE**. Since then, Intercare has expanded exponentially over the past 50 years to become one of the GCC market's shout-after manufacturers and suppliers of innovative and sustainable solutions for **Washroom Hygiene, Floorcare, Speciality Chemicals, Waste Care, and Building Materials, Interiors, Powder Coating, and Steel & Fencing sectors**.

Moreover, with a sheer determination to expand its range of offerings, the firm has built a presence across its business industries. At Intercare we are ever ready to go that extra mile to make every customer satisfied and these efforts have paid off not only as ROI but lots of accolades, bagging performance awards, rated high by global rating agencies in our industry as well. Safety, Quality, and Superlative Service have been the criteria with which we assess our merit. And we are proud of it.

A half-a-century journey loaded with excitement, challenges, and great achievements, our story has been something to drive inspiration from, for everyone at Intercare, our patrons, and customers. This fuels us to strive forward and challenge ourselves in achieving more upon each milestone.

## INTERCARE COATINGS/ ESTABLISHMENT

---

Once again, The organization's pioneering spirit created a demand for this product. Hitherto regarded only as alternative protection to anodized aluminum, Polyester Powder Paint as an Architectural Finish, was launched in the GCC market by Intercare in 1986.

At Intercare **Powder & Wet Coating**, all facilities in the manufacturing process are aimed to provide quality products that meet customer requirements which are spread out over 40,000 sq. ft.

The division holds a Qualicoat certificate for surface treatment of Aluminium Alloy awarded by **QMEA (Quali Middle East Association)** and has the capacity to meet the market's demand.

In the wet coating works, the facility is capable of **wet coating, mild steel, and wooden surfaces of any size and style, including decorative coating and anti-corrosion wet coating.**

## INTERCARE COATINGS/ TECHNOLOGY

---

The technology employed here in the coating is the most advanced new generation which comprises fully automatic coating lines in compliance with **Qualicoat standards**, delivering the best quality, and adhering to all **regional quality and manufacturing standards**.

The machines in use for coatings have been sourced from reputed European manufacturers and are compliant with **British and ASTM standards**.

## INTERCARE COATINGS/ R&D AND QC

---

The R&D facility of the division is a team of highly qualified professionals who performs all the required tests in adherence to **Qualicoat and ISO standards**. The team diligently carries out a number of tests for each batch and process, set by Qualicoat, and delivers the best quality and performance to the end-user.

Additionally, Intercare Powder & Wet Coating unit and processes are certified to deliver superior quality coatings by the world's leading powder manufacturer brands such as **Jotun, Akzo Nobel, and Axalta** only after qualifying through a stringent auditing process.

## INTERCARE COATINGS/ SUPPLY CHAIN

---

In order to ensure that the quality of each product unit is delicately maintained and rightly distributed to the destined location, proper storage facilities and intelligent logistics methods should be enforced.

The company's purposely built storage space spreads out over a **7600 sq. ft.** and complies with **FIFO(First-in-first-out)** standard.

## INTERCARE COATINGS/ HEALTH & SAFETY

---

In the factory and premises, the safety of the people is of paramount importance. All the factory staff strictly follow safety & personal hygiene protocol measures as per the **ISO standards**. The manufacturing unit is credentialed with Fire and Safety certification provided by the **Sharjah Civil Defence** department.

Apart from that, to provide emergency first aid service at the premises, multiple eyewash stations, and shower stations are installed and first aid kits are available at multiple points.

Moreover, emergency **Mock Drills** are conducted on a regular basis. By engaging in these drills, employees maintain their readiness to respond to any emergency situation.

## INTERCARE COATINGS/ SERVICES

---

**High-performance powder coatings** - applied as a dry powder through an electro-static process on any metallic surface (most particularly aluminum) then cured with heat. Warranty range from 10 to 20 years.

**High-performance liquid coatings** - for painting high-end niche products using polyvinyl di-fluoride (PVDF) with a warranty of 25 years.

**Wet coatings** - for decorative finishes and wood finishes.

In the wet coating works, the facility is capable of wet coating, mild steel, and wooden surfaces of any size and style, including decorative coating and anti-corrosion wet coating.

Latest Paint Technologies are coming into play, and Intercare Ltd maintains a constant update on upgrading its facilities as well as is conscious of the requirements of the market.
